What Is BJU Press Heritage Studies?

The BJU Press Heritage Studies materials present social studies from a biblical worldview. Civics, culture, economics, geography, and history are taught in light of Creation, Fall, and Redemption—the three prongs of a biblical worldview.

The biblical worldview presentation is reinforced with stories of people using their abilities to make a difference in the world. It is our hope that students will be inspired to use their abilities to make a difference too.

HERITAGE STUDIES 4: OUR UNITED STATES

HERITAGE STUDIES 4: OUR UNITED STATES is an age-appropriate study of the fifty US states and five inhabited US territories with a special emphasis on history, environment, economics, religion, culture, and citizenship. Literature and music features, engaging photos, immersive illustrations, maps, infographics, essential questions, and literacy skills features promote student learning.
