Letter to Parents

Dear Parents,

This year your child will use *Handwriting 3*, Third Edition, which will continue developing cursive handwriting.

During the first semester of second grade, students learned one additional stroke—a cursive stroke—which enabled them to change most PreCursive letters learned in kindergarten and first grade to cursive letters. In third grade, students will review the cursive letters taught in second grade.

The cursive alphabet, as well as the numbers that your child will use in third grade, are provided for your reference on the back of this letter. The arrows on the letters and numbers indicate the direction of the strokes.

Thank you for your support and your help at home.

Sincerely,

Grade 3 Teacher
